Dear Mr Parfitt

REVIEW OF THE HEALTH OF TOWN CENTRES

Pembrokeshire County Council's Economy Overview & Scrutiny Committee is undertaking a study into the factors that are impacting on the vitality and vibrancy of town centres across the county.

As such, I am writing to you/your organisation to seek your views. It would be helpful, in your response, if you were able to prioritise the issues or factors that your organisation consider to be the most significant.

I would be grateful if you could respond by Friday, 11th March, 2011. Responses can be posted or emailed to:-
